Organisations

BAPLA

The UK organisation for picture libraries and photographic agencies. Its members range from individual photographers and small specialist collections to large international stock agencies.
Association of Photographers

An association of photographers primarily in the advertising and editorial fields, which has a committee involved with new technology called the Digital Imaging Group.
Design and Artists Copyright Society Limited

DACS was established in 1984 as a not-for-profit membership organisation. DACS exists to protect and promote the copyright of visual creators in the UK and worldwide.
The Press Association

Universally known as the PA, is a long-established news agency, with a vast collection of information and photographs.
Skillset

The Sector Skills Council for the Audio Visual Industries (broadcast, film, video, interactive media and photo imaging). Jointly funded by industry and government, their job is to make sure that the UK audio visual industries have the right people, with the right skills, in the right place, at the right time, so that those industries remain competitive.

StockIndexOnline

Since 1997 StockIndexOnline has maintained its position as the stock industry's leading portal of choice for professional researchers seeking high quality stock photography. More than 300 specialist libraries are listed, many of which can be searched instantly via our keyword search facility.

Visual Creators Index UK

A new non-profit organisation aimed at promoting and protecting the rights of creators in a digital environment. It's membership comprises the PRA, AOP, DACS, NUJ, and BAPLA. Read more about this important development at <http://www.vci-uk.com/> or search their registry for creators <http://www.vci-registry.org/>.

Picture Editors Guild

The UK Picture Editors' Guild.

The purposes of the Guild are to provide a forum for discussion and information concerning pictures and publishing, the administration of awards and other events, and promoting the role of photography within the media. The Guild is dedicated to the industry code of practice and the improvement within the media. It is non-political and non-profit making.

International Resources

Professional Photographers of America

The PPA has provided education and a sense of community to the photography industry since 1880. To those offerings, the association has since added business and personal protection, business discounts, professional recognition, and more.

The American Society of Picture Professionals

U.S. organisation similar to the PRA.

PIAG

German publishers who maintain a large resource of websites and links related to photography.

The Visual Reserchers' Society of Canada

The Visual Researchers' Society of Canada / Association des recherchistes en audiovisuel du Canada announces the launch of their bilingual website,

The public side of the site provides members' names, contact information and research interests for anyone looking for a professional researcher. The combined membership represents decades of experience in film & television, publishing, advertising, and the rare books and prints trade, with a number of members also specializing in music research and clearance. The website provides a catalogue of over 70 members from across Canada, with new members being added every month.

Picture Researchers

The PRA has a Freelance Register of members who are experienced picture researchers available for work:
e-mail:

Freelance Register

-- telephone: 01727 833676

This service is free of charge.
